BETWEEN

- (1) **THE FORESTRY COMMISSIONERS** constituted under the Forestry Acts 1919 to 1967 (as amended by the Forestry Acts 1979 and 1981) and having its principal place of business at 231 Corstorphine Road, Edinburgh EH12 7AT (hereinafter referred to as “**the Commission**”); and
- (2) **THE ROYAL AUTOMOBILE CLUB MOTOR SPORTS ASSOCIATION LIMITED**, a company incorporated under the Companies Acts (Registered Number 1344829) and having its Registered Office at Motor Sports House, Riverside Park, Colnbrook, Slough SL3 0HG (hereinafter referred to as “**the Association**”).

BACKGROUND

- (A) The Agreement, under which the Commission permitted the Association to hold rallies on Commission Land (the Existing Master Agreement), expires on 31 December 2015;
- (B) This new Master Agreement governs the holding of rallies and other motor sport events on Forestry Commission Scotland and England land after 1 January 2016. This new agreement has been drafted to reflect the recommendations (published in December 2014) of the Scottish Government Review Group on Motorsport Event Safety and the MSA Stage Rally Safety Requirements subsequently produced by the Association;
- (C) The Commission constitutes three separate bodies across England, Scotland and Wales which are each regulated by the Department for Environment, Food and Rural Affairs, the Scottish Government and the Welsh Assembly Government respectively. It is intended that this Agreement shall bind the bodies in Scotland and England and that it shall apply to the use of all Commission Land for Events and Training or Preparatory Sessions within those countries. Natural Resources Wales is bound by a separate, similar Agreement with the Association.
- (D) FC Scotland, FC England and Natural Resources Wales have produced policy statements on their approach to motor sports, which support this new Master Agreement.

2. UNDERTAKINGS BY BOTH PARTIES

2.1 The Commission and the Association agree that:

- 2.1.1 they will both at all times work together to achieve the safe running of Events, the safety of other recreational users and other legitimate forest users;
- 2.1.2 they will both at all times work together to co-operate and to liaise, to ensure that the Association’s activities on Commission Land are not interrupted or adversely affected by any act or omission of the Commission; and that the Association’s activities have as little impact as possible on access by other recreational users and other legitimate forest users;
- 2.1.3 subject to **clause 2.2**, they will not disclose to any third party any confidential business or future plans of the other party at any time acquired during the existence of this Agreement and no reference shall be made to the terms of this Agreement by either party in any advertising, publicity or promotional material or (with the exception

of a summary of this Agreement as may be agreed between the parties for circulation to Registered Clubs) to any third party without the prior consent of the other party;

- 2.1.4 they have entered into a written Concordat, as published from time to time, which is not legally binding but sets out how the parties intend to co-operate in and implement certain matters relating to Events;
 - 2.1.5 they will meet to discuss and review the operation of this Agreement at least once in each calendar year during the Term; and
 - 2.1.6 they will work together to develop sustainable solutions to minimise (and where possible avoid) adverse impacts on the environment of rallying and related event management and commercial operations. Where examples of good practice exist, they should be adopted where practicable.
- 2.2 The parties acknowledge that the Commission may receive requests from third parties to disclose certain confidential information in terms of the Freedom of Information Act 2000, the Freedom of Information (Scotland) Act 2002, the Environmental Information Regulations 2004 and the Environmental Information (Scotland) Regulations 2004, and in each case, any statutory amendment thereof or provision pursuant thereto (collectively "Freedom of Information Acts"). Where the Commission feels that such disclosure is necessary to enable it to meet its obligations under that Act, it will advise the Association prior to disclosing the information to the relevant third party. The Association acknowledges that any such disclosure by the Commission will not constitute a breach of **clause 2.1.3** or of any other of the Commission's obligations under this Agreement.

3. COMMISSION'S UNDERTAKINGS

The Commission undertakes, warrants and agrees that:

- 3.1 The Commission is the owner or lessee of the Commission Land and is free to enter into this Agreement (except in so far as permission may be required from the Commission's tenants or landlords under **clause 2.2** of the **FC Permit**);
- 3.2 The Commission agrees that it will keep the Association informed at all times of all relevant actions (including timber contracting operations), other than those directed by the Association, which it intends to carry out on Commission Land that might affect the use of Commission Land by the Association and the Registered Clubs;
- 3.3 The Commission agrees that where appropriate, it will work with MSA rally organisers to create specific spectator areas;
- 3.4 The Commission will endeavour to arrange for temporary cessation of contract operations by contract holders on Commission Land affected by an Event or Training or Preparatory Session for the duration of the Event or Training or Preparatory Session. In the event that an agreement cannot be reached with a contractor, the Commission may require the Event or Training or Preparatory Session to be re-routed or cancelled in which case **clause 5.8** will apply;
- 3.5 *[England only]* When any Commission Land on which it is proposed that an Event takes place becomes or is already "Access Land" within the meaning of the Countryside and Rights of Way Act 2000, the Commission will use reasonable endeavours to secure all such restrictions or exclusions to public access to such land which are considered necessary by it for the operation of such Event. If restrictions or exclusions to public access to such land are refused, this refusal shall be considered an operational constraint in terms of **clause 5.5** and the Commission may require the Event to be re-routed or cancelled, in which case **clause 5.8** will apply. Following a risk assessment and subject to any other factors which the Commission in its discretion considers relevant, the Commission will not normally consider restriction or exclusion of public access necessary for Night Rallies (taking place wholly between 2200 hours and 0700 hours). Land closure shall not be required for Trials;

- 3.6 Where the Commission permits a sales outlet for refreshments within Commission Land, it will ensure that the Association is advised of the details of the outlet so that the location of the outlet can be agreed with the provider of the service. The Commission will ensure that the provider of the service is responsible for the control of litter arising from the exercising of that permission;
- 3.7 The Commission will ensure that all its staff working in the Forest District where the Event or Training or Preparatory Session is to take place are notified of the Event or Training or Preparatory Session; and
- 3.8 The Commission will take reasonable measures to publicise Events, including on web sites, and to provide advice to other forest users on the limitations to their activities for the duration of the Event.

4. ASSOCIATION'S UNDERTAKINGS

The Association undertakes, warrants and agrees that:

- 4.1 The Association will take all reasonable measures to ensure that the Registered Clubs will at all times abide by the MSA Stage Rally Safety Requirements, and any other relevant safety guidance it produces, as well as MSA Regulations it issues from time to time in the MSA Yearbook;
- 4.2 The Association will take all reasonable measures to ensure compliance by Registered Clubs with the terms of FC Permits issued to those Registered Clubs;
- 4.3 The Association will take all reasonable measures to ensure the safe and responsible conduct of all participants, officials, licensees, contractors and staff involved in Events. It will take all reasonable measures to ensure the safe and responsible conduct and behaviour of spectators;
- 4.4 The Association will publish an up-to-date list of all events sanctioned by the Association. This may be published online or communicated directly to the Commission;
- 4.5 The Association will appoint a Forestry Liaison Officer to act in each of the Forest Districts. The terms of reference for Forestry Liaison Officers are set out in **Part 2 of Schedule 1**;
- 4.6 The Association will give at least 30 days' notice in writing (specifying dates and timings) to National Transcommunications Ltd., Crawley Court, Winchester, Hants SO21 2QW, when an Event or Training or Preparatory Session is scheduled to pass over roads or tracks used by companies to gain access to their transmitter sites. The Association will provide similar notice to operators of windfarms, mobile phone and other similar installations;
- 4.7 The Association will ensure that the Commission is notified without delay of any accident involving injury to participants, spectators and any third parties, or any other serious incident arising from the use of Commission Land for Events and Training or Preparatory Sessions carried out under the terms of this Agreement;
- 4.8 *[Scotland only]* If any land on which it is proposed that an Event takes place is land in respect of which "access rights" may be exercised pursuant to the Land Reform (Scotland) Act 2003, the Organiser will use reasonable endeavours to secure all such restrictions or exclusions of access to such land which are considered necessary for the operation of such Event. This includes the securing of a Section 11 closure (including the closure of core paths) under the provisions of the Land Reform Act (Scotland) 2003. This is required for all Events and Training or Preparatory Sessions. If restrictions or exclusions to public access to such land are refused, this refusal shall be considered an operational constraint in terms of **clause 5.5** and the Commission may require the Event to be re-routed or cancelled, in which case **clause 5.8** will apply. Following a risk assessment and subject to any other factors which the Commission in its discretion considers relevant, the Commission will not normally consider

restriction or exclusion of public access necessary for Night Rallies (taking place wholly between 2200 hours and 0700 hours). Land closure shall not be required for Trials.

5. EVENT AUTHORISATION AND HOSTING

- 5.1 The Commission hereby grants the Association the exclusive right for its Registered Clubs to organise and operate Events on Commission Land throughout the Term, subject to the terms and conditions of this Agreement. The Commission reserves the right to exclude particular clubs for specified reasons.
- 5.2 Only Events and Training or Preparatory Sessions for which the Association has signified its approval by granting an organising Permit or the event is of a kind for which the Association has granted exemption from its Regulations will be permitted to use roads or tracks within Commission Land. The approval granted by the Association to the relevant Registered Club shall expressly state that such approval is provisional and conditional upon the receipt by the relevant Registered Club of an FC Permit from the Commission. In the event that the Association receives written notice from the Commission that a Registered Club has not complied with the terms of an FC Permit, the Association shall not thereafter grant approval in principle to that Registered Club for further Events or Training or Preparatory Sessions without the prior agreement of the Commission.
- 5.3 The Association shall give the Commission not less than six months provisional notice in writing of the proposed dates, timings and routes for all Events and Training or Preparatory Sessions proposed by Registered Clubs and approved in principle by the Association. In the case of Events, such notice shall also include the details specified in **clause 5.4**. The Commission will consider each proposed Event and Training or Preparatory Session at its discretion but in accordance with the criteria set out in **clause 5.5**. It will then inform both the Association and the relevant Registered Club of its decision. Permission shall not be granted unless that six months' provisional notice in writing has been given by the Association. If permission is granted, and following submission of an application by the Registered Club as per **clause 5.5**, the Commission shall issue an FC Permit to the Registered Club. Such permission shall be conditional upon:
- 5.3.1 payment by the Registered Club of the FC Permit fee as set out in **Part 1 of Schedule 1**;
 - 5.3.2 written acceptance of and compliance with the terms of the FC Permit by the Registered Club;
 - 5.3.3 delivery to the relevant District Office of a copy of the Association's approval for the proposed Event or Training or Preparatory Session;
 - 5.3.4 receipt by the Commission of any permission referred to in the FC Permit.
- 5.4 The details to be notified by the Association pursuant to **clause 5.3** in respect of Events approved in principle by the Association shall include a map at a scale of not less than 1:50,000, setting out the following information:
- 5.4.1 proposed route;
 - 5.4.2 proposed start and finish points;
 - 5.4.3 proposed service areas;
 - 5.4.4 (without prejudice to **clause 10.1.5**) any proposed grandstands or other designated viewing areas;
 - 5.4.5 (without prejudice to **clause 10.1.4**) any proposed sales kiosks and/or other sales outlets;

- 5.4.6 any proposed car parks and access routes.
- 5.5 Prior to the event the Registered Club must submit a written application to the Commission containing sufficient information to show how the conditions contained in the FC Permit will be met. The application must contain the information required by paragraphs 1 (Event details) and 4 (Health and safety) in Part 3 of the FC Permit. The Commission will consider each application taking into account the points in 5.5.1 to 5.5.3. Only one application is required for each event, even if the event will take place across more than one Forest District.
- 5.5.1 the standard of organisation of previous events;
- 5.5.2 environmental or operational constraints;
- 5.5.3 compliance by the relevant Registered Club with any FC Permit previously issued to that Registered Club in respect of any other Event during the Term.
- 5.6 No more than 10 Events will be authorised to take place at night in any one calendar year. For the purposes of this Agreement, "at night" means taking place solely between 2200 hours and 0700 hours.
- 5.7 Training or Preparatory Sessions for the purposes of training Event officials and marshals will be in accordance with any requirements produced by the Association, but will also be subject to the relevant requirements of this **clause 5**.
- 5.8 If any Event or Training or Preparatory Session is cancelled by the Commission in accordance with the terms of an FC Permit or pursuant to **clause 3.4**, no compensation will be paid by the Commission to the Association, Registered Clubs or any other persons.

6. **EVENT CHARGES**

- 6.1 In consideration of the rights granted under **clause 5**, the Association shall pay to the Commission charges in respect of each Event taking place within Commission Land (whether solely or partly) in accordance with **Part 1 of Schedule 1**.
- 6.2 If an Event in respect of which six months provisional notice in writing has been given by the Association to the Commission in accordance with **clause 5.3** is cancelled by the Association or the relevant Registered Club by serving notice in writing on the relevant Forestry Commission Contact for the area in which the Event was due to take place (as set out at **Part 2 of Schedule 1**) or on such other individual as the Commission advises the Association of in writing from time to time within twelve weeks of the agreed date of the Event, a cancellation fee (amounts specified in **Part 1 of Schedule 1**) will be payable to the Commission by the Association.
- 6.3 Trade stands, catering outlets, grandstands, commercial filming, corporate hospitality or car parking (other than the use of existing FC chargeable car parks) may be subject to additional permissions, issued separately as required. See also 10.1.4/5/6 and part 3 (permit), paragraph 7.

7. **INDEMNITY**

- 7.1 Except to the extent that the Commission is negligent, the Association shall indemnify, and keep indemnified, the Commission from and against any liability, loss, damage, claims, costs, expenses or proceedings whether arising under statute or common law sustained by the Commission in consequence of:
- 7.1.1 personal injury (and/or death) of any person; or
- 7.1.2 loss or damage to property (other than to the roads and tracks on Commission Land to the extent used in the Event), if and to the extent that such injury or damage is

connected with, arises out of or is caused by the Association or a Registered Club's negligence, omission, default or breach of this Agreement or an FC Permit or the negligence, omission, default or breach of any person for whom the Association or a Registered Club is responsible in law, provided that the Association's liability under this **clause 7.1** for loss or damage to property shall not exceed £65,000,000 in respect of any one claim.

7.2 Without prejudice to **clause 7.1**, the Association shall indemnify, and keep indemnified, the Commission against any liability, loss, damage, claims, costs, expenses or proceedings arising as a result of a pollution incident provided always that such an incident takes place in its entirety at a specific and identified time and place during the period of the Event, Training or Preparatory Session or other permitted reconnaissance and arises solely from an incident on such Event, Training or Preparatory Session or other permitted reconnaissance.

8. **INSURANCE**

8.1 On behalf of both parties hereto the Association will immediately effect and maintain with reputable insurance underwriters an insurance policy covering all liabilities under this Agreement and all risks normally insured against in accordance with the customary practice of prudent Event organisers including, without limitation, third party public liability indemnity, insurance in relation to the health and safety of all staff, spectators, participants, any third parties and all equipment brought onto Commission Land and such other insurances as may from time to time be reasonably required by the Commission (and the Association will procure that the Commission and each Registered Club are noted as an additional insured on such insurances) for an amount of not less than £65,000,000 in respect of any one claim and shall supply to the Commission a copy of each and every insurance policy effected hereunder and evidence that the premium relating to these insurances has been paid in full. The Association will meet any self-insured retention in the event of any claim.

8.2 The Association shall use its best endeavours to observe and perform all the warranties and conditions in such policies and shall ensure that all premiums are paid when due and the policies are maintained in full force and effect and the Association undertakes not to do anything which may invalidate or render void, in whole or in part, the insurance policies required under **clause 8.1**.

8.3 The Association shall notify the Commission on becoming aware of any occurrence which may give rise to a claim under one or more of the insurances referred to in **clause 8.1** above by serving notice in writing on the relevant Forestry Commission contact for the area in which the occurrence which may give rise to a claim has taken place (as set out at **Part 2 of Schedule 1**) or on such other individual as the Commission advises the Association of in writing from time to time.

8.4 The Association shall notify the Commission immediately on becoming aware of any failure by any act or omission of the Association to effect or maintain the insurances referred to in clause 6.1 above by serving notice in writing on the Commission.

8.5 If the Association fails by its own act or omission to effect or maintain any such insurance, regardless of whether the Association complies with its obligation to inform the Commission of its failure to do so pursuant to **clause 8.4**, the Commission may without prejudice to any other remedy in respect of such failure:

8.5.1 instruct the Association that all Events to be held under this Agreement shall be suspended and the Association must take all necessary steps to suspend such Events with immediate effect; and

8.5.2 take out such insurance as the Commission may reasonably think necessary and recover from the Association the amount of the premiums.

9. **PRE-EVENT RECONNAISSANCE**

- 9.1 The Commission will consider requests for pre-Event reconnaissance (but not practice) for the International Rally of Great Britain and agreed events forming part of the MSA British Rally Championship, and for any other Event by mutual consent.
- 9.2 Permission for pre-Event reconnaissance may be granted subject to the condition that the Commission may impose any restrictions as are considered necessary, including speed restrictions.
- 9.3 The Commission may make a charge for each calendar year plus such compensation as is agreed by the parties or determined in accordance with the arbitration procedures in Section 12 for disruption to forest operations agreed by the parties to be, or determined to be, attributable to such reconnaissance, and the Commission reserves the right to withdraw permission if any such conditions (including compensation) are not agreed (or determined) at least 14 days prior to the Event in question.

10. RESERVED RIGHTS

- 10.1 For the avoidance of doubt, this Agreement does not confer rights on the Association, the Registered Clubs or any other person associated with the Events:
- 10.1.1 to charge any fees to persons wishing access to Commission Land to view the Events (whether by way of entrance fees, car parking or otherwise), save to the extent permitted for a particular Event by the FC Permit relating thereto;
- 10.1.2 to land helicopters on Commission Land other than the Association's "official" helicopters comprising an air ambulance and the FIA (Fédération Internationale de l'Automobile) safety helicopter;
- 10.1.3 to use studded tyres on Commission Land;
- 10.1.4 to provide any sales outlets for the sale of refreshments, merchandise or any other items within the Commission Land, save to the extent permitted for a particular Event by the FC Permit relating thereto;
- 10.1.5 to erect grandstands or other similar structures on Commission Land and operate hospitality, save to the extent permitted for a particular Event by the FC Permit relating thereto;
- 10.1.6 to offer corporate hospitality facilities, save to the extent permitted for a particular Event by the FC Permit relating thereto.
- 10.2 The Association understands and agrees that no rights are granted under this Agreement with respect to trade mark(s), devices or insignia owned or controlled by the Commission and that all rights in and to such trade mark(s), devices or insignia are reserved exclusively to the Commission.
- 10.3 The grant of any of the rights referred to in **clause 10** will be subject to a separate agreement between the Commission, the party seeking such grant and the Association and all legal fees, expenses and Value Added Tax incurred by the Commission in preparing and negotiating such an agreement shall be paid by the party seeking such grant.

11. MEDIA RIGHTS

The Commission hereby grants the Association the media rights set out in **Part 5 of Schedule 1**.

12. ARBITRATION

- 12.1 If the parties fail to agree on any matter, and resolution is not possible at local level, the matter should be escalated through managers up to CEO level. Where necessary, and as a

last resort, an independent person can be appointed, for example through the Royal Institution of Chartered Surveyors (RICS) Dispute Resolution Service.

13. **TERMINATION**

- 13.1 This Agreement shall terminate at the expiry of the Term, but such termination shall be without prejudice to any provision clearly intended to operate thereafter.
- 13.2 In addition to any rights and remedies at law either party may, by giving written notice to the other party, terminate this Agreement on the following grounds:
- 13.2.1 on the giving of 12 months' notice in writing to the other party (provided that such notice shall only be given if the party who wishes to terminate has previously advised the other party in writing of its intention to terminate and has consulted with that party in good faith regarding the proposed termination);
 - 13.2.2 where either party has failed to account or make payments as required under this Agreement;
 - 13.2.3 where either party has committed a serious breach of its obligations under this Agreement unless such party rectifies the position, as far as reasonably possible, within 30 days;
 - 13.2.4 where either party goes into voluntary or involuntary liquidation;
 - 13.2.5 where either party is declared insolvent either in bankruptcy proceedings or other legal proceedings;
 - 13.2.6 where an agreement with creditors has been reached by either party due to its failure or inability to pay its debts as they fall due; or
 - 13.2.7 where a receiver is appointed over the whole or part of either party's business.
- 13.3 Termination in accordance with this **clause 13** shall not prejudice or affect any right of action or remedy which shall have accrued or shall thereafter accrue to either party.

14. **ASSIGNMENT**

The Association shall not be entitled to assign, licence or sub-licence any or all of its rights or obligations under this Agreement without first receiving the Commission's prior written permission to do so. Notwithstanding the foregoing the Commission acknowledges that it will not unreasonably withhold or delay its consent to the assignment by the Association of its rights and obligations under this Agreement to a wholly owned subsidiary.

15. **FORCE MAJEURE**

In the event that this Agreement cannot be performed or its obligations fulfilled for any reason beyond the reasonable control of either party including war, industrial action, floods, Acts of God then such non-performance or failure to fulfil its obligations shall be deemed not to be a breach of this Agreement. In the event that this Agreement cannot be performed or its obligations fulfilled for any reason beyond either party's reasonable control for a continuous period of six months then either party may, at its discretion, terminate this Agreement by notice in writing at the end of that period.

16. **NOTICE**

Any notice or other communication required to be given or made hereunder shall be made in writing and served upon the parties at their respective addresses set out herein (or at such other addresses as the parties may notify to the other) by first class post, recorded delivery,

electronic communications or by facsimile and shall be deemed to have been given in the case of first class post and recorded delivery 48 hours after posting and in the case of personal delivery or facsimile when received.

17. **GENERAL**

- 17.1 The clause headings in this Agreement are for ease of reference only and shall not affect its construction.
- 17.2 This new Master Agreement contains a complete understanding between the parties and supersedes all prior agreements (including, with effect from 1 January 2016, the previous Master Agreement) and understandings whether written or oral pertaining thereto and cannot be modified except by written instrument signed by both parties hereto.
- 17.3 If any provision of this Agreement shall be prohibited by or adjudged by a Court to be unlawful, void or unenforceable such provision shall to the extent required be severed from this Agreement and rendered ineffective so far as possible without modifying the remaining provisions of this Agreement and shall not in any way affect any other circumstances or the validity or enforcement of this Agreement.
- 17.4 Nothing contained in this Agreement shall or shall be deemed to constitute a partnership or a joint venture or contract of employment between the parties.
- 17.5 This Agreement shall be governed by and construed in accordance with the laws of Scotland and England, as appropriate.
