Some tips 'n' tricks!

- If you're new to mountain-biking or have young cubs with you - start with the green trail, which begins at the far end of the car park.
- All other trails start at the track next to the Laggan Wolftrax Centre, which climbs up through the forest.
- Read the grading information to find out which grade is for you before you go.
- Make sure you at least always wear a helmet and gloves.
- The trails are designed to be ridden one way only - follow the direction of the arrows shown on the map inside... have a great ride!

Where to start...

Where does Laggan Wolftrax originate?

The name Laggan Wolftrax evokes the wild self-reliance and speed of the wolf - characteristics of many mountain-bikers who test themselves against these challenging courses. It also recalls the historical local villain, the Wolf of Badenoch. If you try the Black Route and chance the Devil's Chessboard rock staircase, think of the Wolf of Badenoch's last evening on earth, when he was reputed to have been seen playing chess with the Devil himself!

Don't fancy riding a bike?

Why not follow the waymarked walk to visit Dun da Lamh hill fort? Or just relax along the Spruce and Squirrel Trail. Both are accessible from the Laggan Wolftrax car park.

MTB grading information

Mountain biking is a potentially hazardous activity carrying a significant risk.

Green: Easy
Suitable for: Beginners in good health with basic bike skills. Most types of bike.
Trail: Relatively flat & wide.

Blue: Moderate
Suitable for: Riders in good health with basic off-road riding skills. Basic mountain bikes.
Trail: Some “single-track” sections & small obstacles of root & rock.

Red: Difficult
Suitable for: Proficient mountain bikers with good off-road riding skills & fitness. Good mountain bikes.
Trail: Challenging. Climbs, tricky descents & technical features such as drop-offs & large rocks.

Black: Severe
Suitable for: Expert mountain bikers with high level of fitness. Quality off-road mountain bikes.
Trail: Greater challenge & difficulty. Expect large & unavoidable features.

Extreme
Suitable for: Extreme level riders with expert technical skills & good fitness. Technical bike skills important. Jumping ability obligatory.
Trail: Extreme levels of exposure & risk, large features.

Forest road & similar
Suitable for: Cyclists in good health. Map reading useful (routes not always marked). Most bikes.
Trail: Gradients can vary. Surfaces may be uneven or potholed in places. Look out for vehicles & other users.

Laggan Wolftrax Centre

The Laggan Wolftrax Centre, run by Laggan Forest Trust, offers everything you need to start and finish your day’s biking. It has a café, toilets, showers, bike shop and information to help you get the most out of your day.

Choose your trail

**Green Route**

4.5km to Gorstean & back / 3.5km for Green loop via Wolf Cub climb from car park

Ideal for children and those just starting out - it also makes a great warm-up. The route is fairly wide with a shallow climb and a fantastic singletrack return. Remember to wear helmets and gloves!

**Orange Bike Park**  
3.6km

2.1km forest road climb / 1.5km bike park downhill

Novices can trundle or freewheel down, but skilled riders will rip up this route finding ‘big air’ opportunities all the way down. A well sealed surface singletrack with big berms & tabletops. Not recommended for very young children.

**Lower Red Route**  
6.9km

(2.4km forest road climb / 4.5km singletrack)

Fast and flowing, this technical trail is narrow with built in & ‘opt in’ features. Look out for Air’s Rock - a ‘Black’ graded slab feature, easily bypassed. Built-rock causeways such as the Rib Rattler and natural rock features will keep you amused! Finishes with a blast down 550 metres of the Bike Park!

**Upper Red Route**  
6.5km

2.7km forest road climb / 3.8km singletrack

Another fast flowing route with technical features and rock slab descents. The ascent is challenging, with lots of technical features to build you up to the fast-flowing singletrack descent from The Wolf’s Lair Viewpoint.

**Black Route**  
6.4km

2.7km forest road climb / 3.7km singletrack

For expert riders, this is demanding and technical. Tight & testing, it has a multitude of rock features, sizeable drop-offs, stone staircases, boulder fields & rock slabs – with no escapes for the faint hearted!

Features include the Triple Attack - a triple rock slab, and the The Devil’s Chessboard, a 40m rock slab 24 level staircase! Wolftrax really bares its teeth on this technical wilderness rock-fest! Helmet, gloves, elbow & knee protection are highly recommended!
