

Dull Weem and Glassie

Concept map text

General

Maintain landscape and biodiversity value of native woodlands and restore areas currently planted with spruce.

Dull

- Protect Scheduled Monument
- Clear windblow and larch, restock with productive conifers, focus on resilience
- Remove larch and restore native woodlands

Weem

- Maintain visitor access

Glassie

- Primarily productive with improved connectivity between habitats
- Plan new road access to north of block
- Plan new internal fence to protect restock to south whilst maintaining access

Camserney/Glassie

- Transition Sitka spruce to restored peatlands, open habitats and native woodland

Killiechassie

- Primarily productive with improved connectivity between habitats
