Forestry and Land Scotland | Coilltearachd agus Fearann Alba

South Knapdale LTP

Local Landscape Area
Maintain and enhance views.

Wetland habitats
Restore and maintain areas of bog/wetland habitat where appropriate, and other priority/protected species and habitats. Select suitable tree species for soil type.

Drinking water catchment and watercourses
Protect drinking water and enhance riprarian corridors.

FLS fencing
Ensure fencing appropriate and maintained as required.

Tree species
Diversify the forest block in terms of age and species as appropriate.

Timber
Maintain sustainable quality timber production.

Coupes
Ensure that coupes relate to landscape character and scenic quality. Scale, shape and plan coupes to maximise cost efficiencies for felling, access provision and re-establishment effectiveness.

Private Water Supplies
Protect water supplies, enhance buffers and maintain access as required.

Larch
Develop a programme to remove most of larch in phase 1 or phase 2, if phase 1 not feasible.

Operational access
Currently no operational access to southern half of block. Plan and construct cost effective access to inaccessible crops and for establishment success.

Community and landowners
Ensure liaison and consultation

Deer management
Provide opportunity for appropriate and effecttive deer management and integration with neighbouring landowner deer management.

Utilities
Protect infrastructure and ensure correct buffer zones.

Heritage features
Ensure features are protected

Ancient Woodland Sites (AWS)
Identify, protect and enhance AWS.

Core path
Core path (C295c) follows route of B8024 bordering southern and western edge of block. Ensure operations don't effect core path and it remains accessible.

Roading and access
In forest timber road, maintain and ensure accessibility.
Severely 'restricted' and 'consultation' sections of the B8024.
See TTMP B8024 Kilberry Loop Road - Ormsary - North to A83 Inverneil plan.
