**Littleburn Lodge Project, Munlochy.**

Dear Michaela,

Having discussed your project with my fellow Community Councillors, I am pleased to advise that, Knockbain Community Council support the concept of The Littleburn Lodge Project and wish the organising group well in their endeavours to secure the former forestry site as their base. We would like to see the project seek Charitable Status as soon as possible, our preferred option being a SCIO. KCC are unable to make any financial commitment to the project.

Best Regards,  
John Stott
