

Manage the Arran Moors SPA and SSSI as per the Designated Site Management Plans. Maintain the SPA area as Open space and develop a buffer zone of fringe habitat

Ensure the woodlands are regenerating and establishing as a diverse native woodland - enrichment plant if required

Maintain the quality of the visitor experience by managing a diverse woodland and offering views within and outwith the forest

Continue with the restoration of the PAWS area, and the expansion of native woodland throughout the site

Scheduled monument: Chambered Cairn

Protect Scheduled Monument and other historic features

- Management Objectives:**
- Continue with PAWS restoration and expansion of native broadleaf woodland
  - Target removal of INNS (including non-native conifer species) in buffer zone around the special Protection Area, and in PAWS zone.
  - Manage open hillside habitats as per the agreed Arran Moors SSSI / SPA Management Plans

Consider landscape impact. North Sannox block is visible from the A841 road

North Sannox Land Management Plan 2024

Scale @ A2: 1:10,000

Date: 28/08/2024
