Good afternoon

I would like to add my support to Aviemore and Glenmore Community Trust's request to acquire the Glenmore Visitor Centre, as it offers a great chance the strengthen the community's voice in managing and protecting Glenmore. But moreover, it will provide local schools with a shared educational resource for heritage, local identity and addressing the climate crisis. This will offer an additional space for developing carbon literacy skills and assist our young people to increase their awareness on reducing environmental impact at home, school and with their local area.

I am confident that this asset transfer will have a positive impact not only for Aviemore and Glenmore but for the communities of Badenoch and Strathspey.

Kind regards

Clare
