

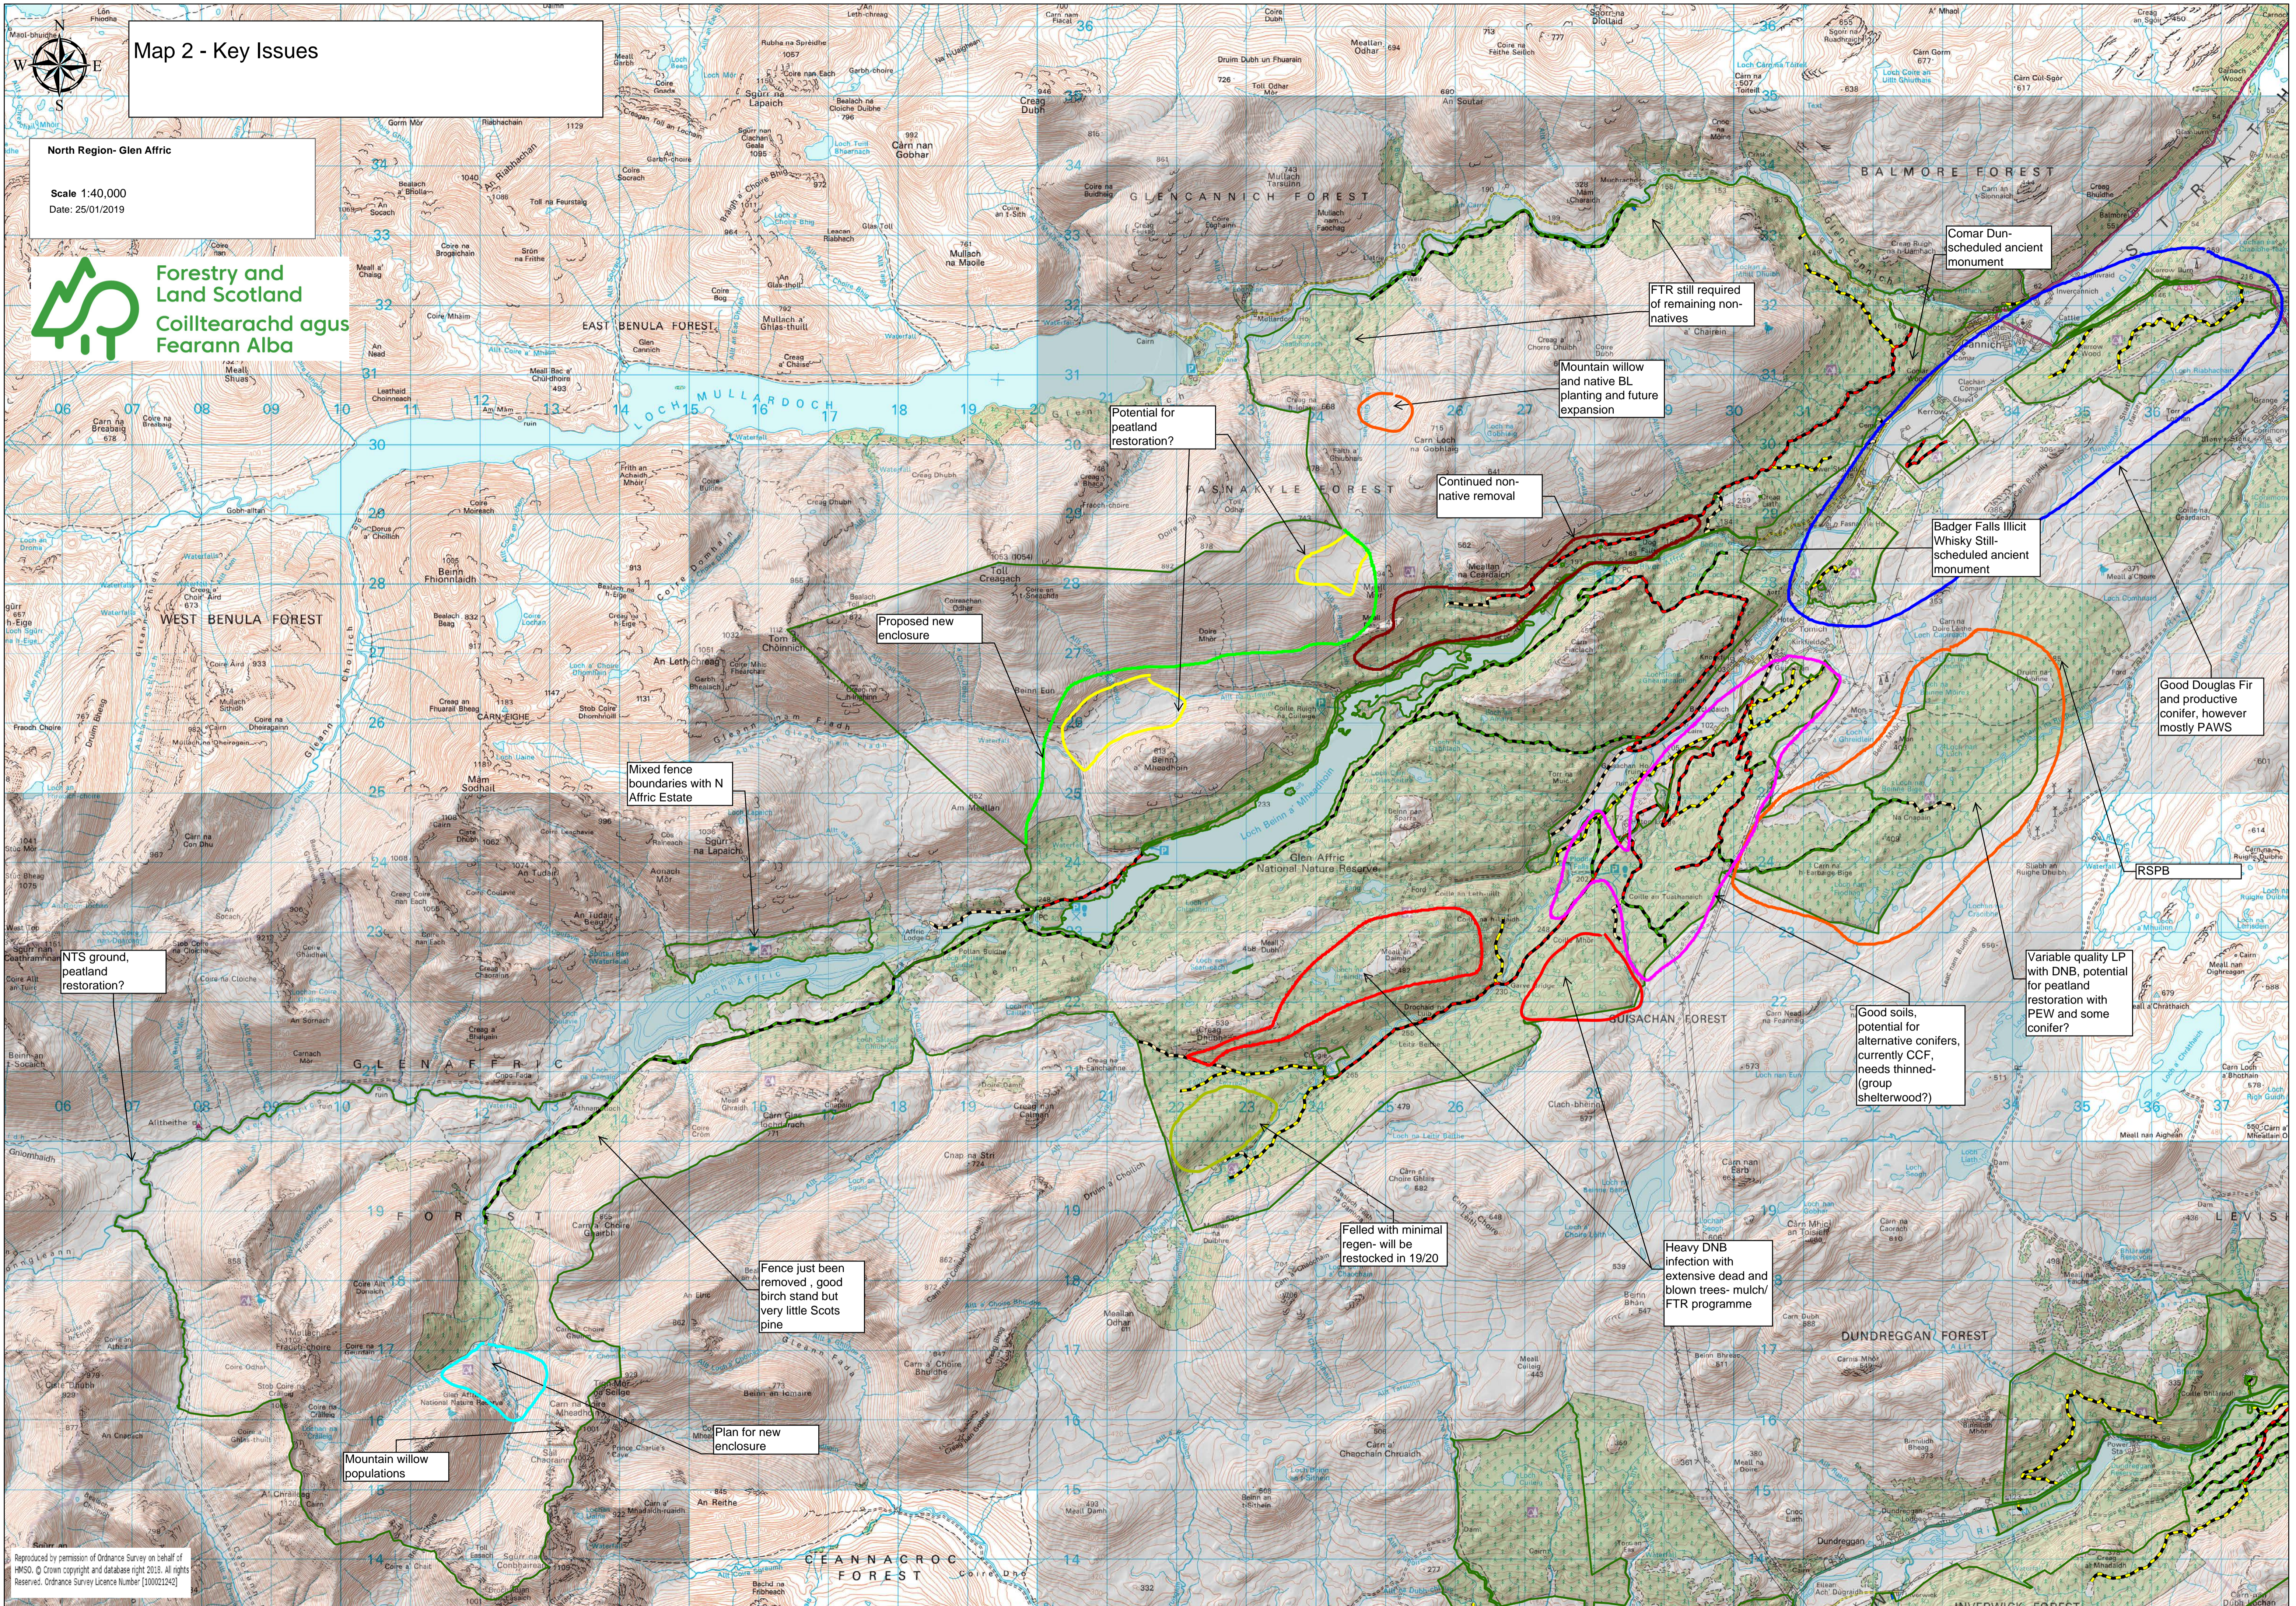

Map 2 - Key Issues

North Region- Glen Affric

Scale 1:40,000
Date: 25/01/2019

Potential for peatland restoration?

Mountain willow and native BL planting and future expansion

FTR still required of remaining non-natives

Comar Dun-scheduled ancient monument

Continued non-native removal

Badger Falls Illicit Whisky Still-scheduled ancient monument

Good Douglas Fir and productive conifer, however mostly PAWS

Proposed new enclosure

Mixed fence boundaries with N Affric Estate

RSPB

NTS ground, peatland restoration?

Variable quality LP with DNB, potential for peatland restoration with PEW and some conifer?

Good soils, potential for alternative conifers, currently CCF, needs thinned-(group shelterwood?)

Felled with minimal regen- will be restocked in 19/20

Heavy DNB infection with extensive dead and blown trees- mulch/ FTR programme

Fence just been removed, good birch stand but very little Scots pine

Mountain willow populations

Plan for new enclosure
