

Caenlochan SAC - upland open habitats  
Mixture of favourable/unfavourable condition - deer movement onto SAC potential issue

Cairngorms Massif SPA (Golden eagle, breeding) maintain favourable condition, consider impacts of operational timings in the glens and new native woodland proposals

Gradual transition to Upland Birchwood following sustainable felling

Caenlochan SPA - Golden eagle and Dotterel  
Maintain Favourable condition for notified features on or affected by planned woodland creation

Statutory responsibility. Both notified features (salmon and freshwater pearl mussel) in unfavourable condition. Forestry operations, water quality and invasive species listed as negative pressures.
