

Appendix VII:

Abbreviations used in the plan

Abbreviation	Meaning
ASNW	Ancient Semi-Natural Woodland
ATV	All Terrain Vehicle
CCF	Continuous Cover Forestry
DAMS	Detailed Aspect Method of Scoring (A modelled windiness score used to calculate the probability of damaging winds occurring)
ESC	Ecological site classification (based on soil and climate information, aids tree species choice)
EIA	Environmental Impact Assessment
FSC	Forest Stewardship Council
FLS	Forestry and Land Scotland
Ha	Hectare
LCA	Landscape Character Assessment
LISS	Low Impact Silvicultural System
LMP	Land Management Plan
MAI	Mean Annual Increment (Average annual growth a tree of stand of trees has experienced to a specific age)
MI	Minimum intervention (minimum level of management)
NR	Natural Reserve
PAWS	Plantation on Ancient Woodland Site
PEFC	Programme for the endorsement of forest certification
RBMP	River Basin Management Plan
SEPA	Scottish Environmental Protection Agency
SF	Scottish Forestry
SPHN	Statutory Plant Health Notice
UKBAP	UK Biodiversity Action Plan
UKFS	UK Forestry Standard
UKWAS	UK Woodland Assurance Standard
WLA	Wild Land Areas
YC	Yield Class (Index of potential productivity of even-aged stands of trees. Measured in units of cubic metres per hectare per year)

Species abbreviations

AR = Alder
ASP = Aspen
BI = Birch (downy/silver)
CAR = Common Alder
DF = Douglas Fir
EL = European Larch
HAW = Hawthorn
GF= Grand Fir
GWL = Goat Willow
HAZ = Hazel
HL = Hybrid Larch
JL = Japanese Larch
LP = Lodgepole Pine
MB = Mixed Broadleaves
MC = Mixed Conifers
MCP = Macedonian Pine
NBL = native broadleaves (including SP where suitable for conservation)
NF = Noble Fir
NS = Norway Spruce
OK = Oak (robur/petreae)
ROW = Rowan
SOK = Sessile oak
SP = Scots Pine
SS = Sitka spruce
WCH = Wild Cherry / Gean
WH = Western Hemlock
WRC = Western Red Cedar
XL = Larch
XWL = Other Willows
