Dear Sir/Madam

Re: Coilhallan Wood – Asset Transfer Request

I'm writing as an adjacent landowner to Coilhallan Wood to highlight a number of ongoing issues that we've been working through with Forestry Land Scotland and hence to ask that these be taken into account in the asset transfer process. These include:-

- Felling and removal of windblow on the western boundary of Callandrade
- Issues surrounding waterflow off Coilhallan Wood and the maintenance of the cross cut drain linking into Callandrade's west most burn
- Boundary and access issues and in particular the existence of a right of access through Coilhallan Wood
- The control of roe deer
- Disease mitigation
- The continued removal of non-native species

I can confirm that the relationship with FLS has been excellent as I'm sure it will be with the Callander Community Development Trust if the Asset Transfer Request is successful. My reason for writing at this time is purely to ensure that these important current issues are appreciated by all.

Yours faithfully

Michael B Cantlay
