

West Strathyre Land Management Plan

M1: Location & Viewpoints

Legend

- Primary Viewpoints used for landscape analysis.
- Secondary viewpoints considered in plan design.
- West Strathyre Land Management Plan Area

The intensity of analysis of each viewpoint will reflect the management intensity over the plan period within the viewed area, and the consequent impacts on the landscape.

The full Land Management Plan area lies within the following zones:
Loch Lomond & the Trossachs National Park.
Queen Elizabeth Forest Park.
Cowal & Trossachs Forest District.
Stirling Council.

Scale: 1:50,000 @ A3

September 2016
